School Highlights

The second grade teachers are excited to be implementing team teaching this year in their new math series. The class is also studying apples as a theme in many of their lessons. In English Language Arts, they discussed the many words that can be used to *describe* apples. In Math, they carefully *counted* seeds and *classified* the different varieties of apples. The children then *organized* all they learned into a K-W-L chart where they listed what they KNOW, what they WANT to learn and finally, what they did LEARN. The class will celebrate the season and completion of this fun lesson with an educational trip to Solly Brothers' Farm.
